on rushing into full day sessions, so I think that we had better stay with the half-days, it looks to me right now.

PRESIDENT: Senator Mahoney.

SENATOR MAHONEY: Mr. President, could we have the previous question, I think that we are prepared to vote on it.

PRESIDENT: The question is shall the debate cease. Record your vote. Record Mr. Clerk.

CLERK: 31 ayes, 1 nay and 17 not voting.

PRESIDENT: The debate shall cease. Mr. Clerk would you read the motion please.

CLERK: Read Syas motion.

PRESIDENT: You don't wish to close, do you Senator Syas?

SENATOR SYAS: I just want to call attention to one thing. I'm not...the week from Tuesday is not the crux of my argument at all. I sympathize with Senator Marvel on that one. All I want to do out of this motion is work all next week, half days. I don't know what happens after that I'm not too interested.

PRESIDENT: The question is shall...is the Syas motion which the Clerk read. Record your votes. Senator Clark for what purpose do you rise?

SENATOR CLARK: I wonder if you would read it again so they are sure they know what they are voting on.

PRESIDENT: Yes.

CLERK: Read motion.

PRESIDENT: The Chair recognizes Senator Luedtke. For what purpose do you rise Senator Luedtke.

SENATOR LUEDTKE: Question now, because that would take us back to having full day sessions on Tuesday and Wednesday because the original agenda called for that. Is that correct George? So that wouldn't do what some of us were talking about.

PRESIDENT: Debate ceased. Dispose of this matter as you please. Record the vote.

CLERK: 2 ayes, 19 nays and 21 not voting.

PRESIDENT: Motion fails. Senator Mahoney.

SENATOR MAHONEY: Mr. President, may I make this motion that next week starting Monday and continuing to Friday that we proceed with half-day session of the regular session here in the Legislature and the afternoons reserved for those committees that still have bills before them or Executive Sessions.
